COMMON CORE TRUTHS

Common Core represents the latest and most comprehensive step in the drive toward complete government control of our children's education. Dr. Pesta exposes the truth about Common Core and the ongoing struggle to roll back its implementation, providing examples of how Common Core threatens to further undermine, weaken, and centralize public and private education in our country.

Dr. Duke Pesta, Academic Director, FreedomProject Education

Dr. Duke Pesta

MERGER BY FOREIGN ENTANGLEMENTS

Over the last 60+ years, free trade agreements have delivered a sovereignty shedding agenda that few politicians are willing to discuss. With two new agreements being proposed for the U.S., find out their ramifications to industry, jobs and liberty. Are you ready to become part of the EU?

DAYTIME SEMINARS

Saturday, October 19, 2013; – Charlotte, NC 11:00am – 4:00pm

JBS HEROES FROM THE PAST — 11:00 AM

Veteran members will recall the important work of bygone Birchers such as Pedro Diaz Lanz, Delmar Dennis, Julia Brown, and – of course – Larry McDonald. The work of these heroes, and more, in the early years of our society bought us time to finish the job of awakening fellow Americans. We owe them a great debt of gratitude and they must never be forgotten."
John McManus, President, The John Birch Society

LUNCH (Included with cost of daytime Seminars ticket) — 12:00 PM

THE IMPORTANCE OF INFLUENCING STATE LEGISLATURES — 1:30 PM

As founder and President of the Oklahoma Conservative Political Action Committee (OCPAC), Mr. Meadows will relate how they have worked to change the face of state government. Find out how OCPAC works to put the federal government back into its proper relationship with the states and the people.
Charlie Meadows, Businessman, President, OCPAC

RESURRECTING GENUINE AMERICAN EDUCATION — 2:15 PM

During the 20th century, American education has been captured, and parental influence eliminated, piecemeal. FreedomProject Education has set out aggressively to take education back. Learn the successes of what FPE has already accomplished and what it has planned for the future.
Alan Scholl, Executive Director, American Opinion Foundation

BREAK — 3:00 PM

TAKING CARE OF BUSINESS IN THE U.S.A. — 3:15 PM

IRS audits, frivolous lawsuits, and intrusive regulating agencies: these are the standard hurdles businesses face. Dr. Henderson explains how he deals with this onslaught and contrasts this with rule of law, character and morality in a limited government republic and why we must expand private enterprise to help save America.
Dr. Robert Henderson, Chairman of the Board, Nutramax Laboratories, Inc.
