

The John Birch Society

Dear Concerned American,

Much has been made about the new health care law, including a number of wild claims and misleading information. The heated rhetoric on both sides of the political aisle makes it difficult to sift through to get to the truth.

You might think that now the law is passed, plenty of information would be readily available regarding what is in the law. However, it is difficult to find a “smoking gun” that would reveal the dangers in this bill by simply reading it, because this bill is primarily about setting up the over one hundred new government offices, agencies, and programs that will administer ObamaCare. As they say, “the devil is in the details.” And, this time the devil will be in the details of the regulations that will be issued by these new offices, agencies, and programs.

To help make sense of all this, The New American magazine assigned some of its best writers to research and interpret the law, including longtime researcher Thomas R. Eddlem, Dr. Jane Orient who has a solo practice of internal medicine and is executive director of the Association of American Physicians and Surgeons, and attorney Joe Wolverton II. Their articles are published in the May 10, 2010 issue entitled “ObamaCare and You.”

This issue is included in this mailing for free, as is the DVD “ObamaCare 101.” In the DVD, Art Thompson, CEO of The John Birch Society, takes you into the new health care law, and based on the government’s track record of broken promises, warns that if something in the new law appears to be too good to be true, then it probably is.

Find out what’s really in the new law and what you can expect long term.

We encourage you to review the materials and then to get involved. Visit us online at JBS.org, TheNewAmerican.com and at Facebook.com/ChooseFreedom.StopObamaCare. We have a number of tools available for you to learn more and to help educate others about the new health care law.

Thank you,

The John Birch Society

PS -- These materials are available for purchase if you want to share them with others at ShopJBS.org or by calling 800-JBS-USA1.
