Beginning in the 1960s, a view emerged that individuals had a “right” to bear arms only in militia service — a limited, “collective” right. But in the late 1980s, Dr. Stephen Halbrook and a handful of other scholars began producing an altogether persuasive analysis that changed thinking on the matter so that today, even in canonical textbooks, bearing arms is acknowledged as an individual right. The Founders’ Brilliant Solution to Big Government: Article VI — BOOKLET by JBS

Big Government can be reined in by enforcing the Constitution instead of changing it. This booklet shows how to do this by applying the Constitution’s Article VI, Clause 2 (Supremacy Clause) and Clause 3 (Oath of Office). An informed electorate would bring about nullification of unconstitutional laws.

The New BBA Con-Con Threat — REPRINT

A Balanced Budget Amendment Article V Convention would be a threat to the Constitution because of its inherent power to be a runaway convention and the tendency of a BBA to move our nation from a republic to a democracy. This eight-page reprint by Larry Greenley originally appeared in the October 5, 2015 issue of TNA — pgs. 25-30. (2015, 8pp, 1-24/$0.50ea; 25-99/$0.40ea; 100-999/$0.35ea; 1,000+/$0.30ea)

Rein In Big Government With Article VI, Not V — DVD or CD by JBS

The Founders’ Second Amendment by Halbrook

Do Americans have a God-given right to bear arms? Or is this power vested solely in government? Recent years have seen a sea change in scholarship on the Second Amendment. Beginning in the 1960s, a view emerged that individuals had a “right” to bear arms only in militia service — a limited, “collective” right. But in the late 1980s, Dr. Stephen Halbrook and a handful of other scholars began producing an altogether persuasive analysis that changed thinking on the matter so that today, even in canonical textbooks, bearing arms is acknowledged as an individual right. CAT2019
THE MERGER CONTINUES!
For 20+ years, NAFTA has built the foundation for an EU-style North American Union. A Deep State team of globalist trade negotiators has made the U.S.-Mexico-Canada Agreement (USMCA; aka NAFTA 2.0) even worse for American independence and affected American industries!

WHAT'S WRONG WITH THE USMCA?
- builds unaccountable bureaucracy
- furthers North American integration
- delegates congressional responsibilities to foreign entities
- codifies international regulations from WTO
- transfers oversight to international bodies such as the UN
- ratifies the UN’s Law of the Sea Treaty
- copies portions of the Trans-Pacific Partnership word-for-word
- receives high praise from globalists

Take action today by visiting JBS.org/NAFTA to learn more, educate others, and help build pressure in Congress to stop the build-up to the North American Union. We did it 10 years ago. Now be part of the success as we do it again!
